

# SINATRA 2000 LEFT CORNER

## LINEAR FIRE INDOOR GAS FIREPLACE

### *Conventional Flue System*

#### CONVENTIONAL FLUE SYSTEM

Sinatra is an open combustion gas fireplace (NG or LPG) with a conventional flue system that utilizes the natural circulation of heated air to extract the combustion byproducts through the chimney. The air for the combustion is supplied from the room and not the flue.

CONVENTIONAL  
FLUE SYSTEM

#### ENCLOSED BEHIND GLASS

Sinatra is enclosed with ceramic glass. Optionally you can choose panels with antireflective coating that reduces reflections and makes the flame look even more vibrant.

#### SAFETY FEATURES

- Flame detecting sensor
- Draft interrupter
- Child lock

#### ADVANCED FEATURES

The thermostat maintains the desired room temperature.

Modular Ignition reduces water vapour condensation.

Eco Flow regulates flame height over time.

#### DECORATIVE ACCESSORIES

Adjust every detail of your fireplace to fit it perfectly into any interior. You can choose from optional decorative accessories – ceramic logs, white pebbles, black diamond stones and black glass gravel.

#### CONVENIENT REMOTE CONTROL

Sinatra offers convenient control options: the included handheld remote, an optional Smart Home System controller or a mobile app on your smartphone.
